Project Title:

Digi Box - Micro Donation Platform with transparency and trust.

Duration Date (From): **18.11.2025** Date (To): **25.11.2025**

Work completed for this week:

We did the project until the cause creator dashboard. Which covers the $\frac{1}{3}$ part of the project. Then we did the mid progress presentation.

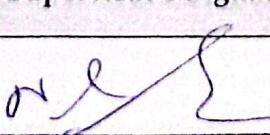

Work Plan for the upcoming week:

This week, our group focused on planning and discussing key project components with our advisors. We reviewed how to design the database structure and define the necessary relationships between the Grama Sevaka (Gis) division and the Divisional secretariat. In addition, we began developing the cause creator dashboard completed the main front-end layout.
